## Development

- Integrated APIs into local Best Western, Holiday Inn, and Days Inn websites which connected to their respective corporate booking sites
- Designed and built a public site and a members portal for the Wine Council of Ontario using WordPress as a CMS
- Built web apps in ASP.net and MVC for a community based client in a course project
- Developed a Cross-Platform Mobile app for a client project using Xamarin.Forms
- Switched programming languages, frameworks, and methodologies to tackle unique project goals and hurdles

## Design

- Prototyped / Designed websites and app interfaces
- Created graphic elements for apps including buttons, backgrounds, and icons
- Storyboarded a user's process when using an app, keeping in mind the various paths they may navigate to and creating the necessary pages to ensure the easiest process

## Project Management

- Communicated with clients to add new functionality to sites, received content edits and updated clients on changes to project timelines
- Created and updated documentation for projects ranging from spreadsheets, database diagrams, and flowcharts
- Led meetings with clients and trained them how to use the content management system
- Presented various storyboards and designs to clients for feedback, seeing if there was any business logic on their end that we needed before progressing to the development phase
